

About Your Shopping Cart for Classes

WHAT: Your *Shopping Cart* shows the classes that **you have selected, but not yet enrolled in** for the current term.

WHERE: In the left *Menu*, click **Enrollment > Add Classes**. Locate the *Shopping Cart* area on the *Select classes to add* page (mid-page).

WHAT NEXT:

1. If you have an empty *Shopping Cart*, use **Search for Classes** to look for classes you wish to add.
2. Once these classes appear in your *Shopping Cart* and you're ready to enroll in them and add them to your class schedule, click **Proceed to Step 2 of 3** to finish registering for classes and enroll in your selected classes.

Note: Keep classes in your *Shopping Cart* for as long as you want during enrollment period. Add them to your schedule whenever you are ready. Be careful though! Having a class in your *Shopping Cart* does not hold your place in the class. If you wait too long to finish registering and enroll in a popular or restricted enrollment class, it may close before you get a chance to register for it.

Add Classes

1. Select classes to add

To register, first place desired classes in your *Shopping Cart*, then click **Proceed to Step 2 of 3**.

Click **Proceed to Step 2 of 3** to register for and enroll in the classes in your *Shopping Cart*.

On the next page, once you click **Finish Enrolling**, any classes you successfully added will then appear in your class schedule.

For any classes you were unable to add, either fix the errors or contact the department offering the class to find out what to do.

Delete any classes from your *Shopping Cart* that you cannot enroll in such as those that are closed. Otherwise, SPIRE will try to re-add them each time you click **Proceed to Step 2 of 3** and you will get an error every time.
